

QUIZ BOWL RULES:

- Teams must be between 3-5 students
- There will be four 15-minute rounds of questions
- Each correct answer is worth 1 point
- Teams will have 20 seconds (45 seconds for computation problems) to write down their final answer
- At the end of each round, teams will be ranked based on how many points they collect and will be given a round score in backwards order
 - For example, if there are 9 teams competing, 1st place is worth 9 points, 2nd place is worth 8 points, all the way down to 9th place being worth 1 point
- The round totals are added up and the team with the most round points at the end of the competition wins!
- If there is a tie between two teams at the end of the competition, those two teams will compete in a 5-minute tiebreaker round
